Montages and QR seating for the weddings and events you host.
For hotels, restaurants and wedding planners in Singapore.

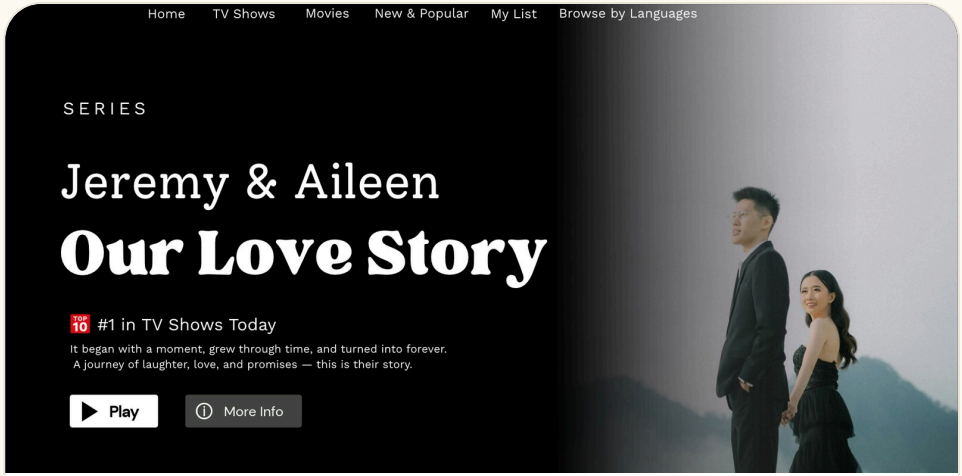
Weedo

Who we are. Weedo is a Singapore studio for weddings and events. We make two things for the big day: a montage of the couple's story for the banquet screen, and a QR code that shows every guest to their table.

Weedo SEATS

Every guest finds their table in seconds.

- Guests scan one QR code and type their name
- Their table lights up on the floor plan; no app needed
- For weddings and events of up to 1,500 guests



Weedo MONTAGE

Let's turn their memories into a beautiful story.

- Childhood and dating montage, pre-wedding shoot slides, or both
- Made from the couple's own photos and videos
- 1080p Full HD, made for your ballroom screen

A

Preview for free

The organiser uploads the guest list, arranges the tables to match your room and picks their colours.

B

Pay once to publish

The guest link and QR sign switch on, ready for the big day.

C

Last-minute changes, same QR

Move a guest and save. Guests see it straight away; nothing to reprint.
